

Attendance Strategies Tier I,II,III

Time will be spent discussing campus successes and challenges with campus-wide and individual student attendance activities and interventions. Once priority areas for improvement are established, strategies and ideas on how to increase campus-wide attendance and implement truancy interventions at each tier will be determined. As a part of the training, time can be spent determining a variety of attendance activities to implement and personnel responsible for implementation. This training is provided at the campus level in order to meet individual campus needs.

1

Participants & Prerequisites

Audience:

- Administrators
- Graduation Coaches
- Counselors
