

Intensive Behavior Strategies for Struggling Students

Participants will gain an understanding of the science behind behavior and identify strategies to prevent, teach, and reinforce targeted behavior in an educational setting. Using video clips and interactive discussion, learners will practice data collection, create behavior plans, and learn to measure progress quickly and efficiently using a Daily Behavior Report Card.

1

Participants & Prerequisites

Audience:

- Administrators
- Counselors
- Teachers (ES, MS, HS)

Prerequisites:

*Scaffolding Classroom Management

2
