

Intervention Counts by School

Objective: To use an advanced search tool that can pull a list of interventions by district, high school, middle school or elementary school.

Consideration for Usage

1. Run reports for the entire campus by a specific intervention type.
2. Pull a list of every student who has had any of the following Intervention Types: “Intervention Type” are: Academic, Attendance, Behavior, Speech, Oral Language, AIP, ILP, Service Tracking, and Roster Based Programs.
3. An administrator may want to run a report on all students who have an Academic intervention and be able to hot link to the student’s profile page and view their interventions.
4. An administrator may want to run a report to create a list of every student who has had an AIP in the previous school year.
5. An administrator may want to pull up a list of students with their hot links who have had a Behavior Intervention this school year or last school year.
